

TPWS

**Enclosed connections
prevent water ingress**

Industry Problem

Mounted to the underneath of trains, regular military connectors can fail due to water ingress.

BERNSTEIN Solution

Replace exposed connectors with a customised, enclosed solution from Bernstein, sealed to IP67 and supplied in kit form, ready to install.

Can be supplied as part of a continuous tailored changeover plan to deliver minimum down time and disruption.

Helps to...

- improve a train's safety integrity
- prevent downtime, reducing lost revenue and inconvenience to customers

Aluminium Enclosures

CA series

Versatile industrial aluminium enclosures, with high mechanical strength, sealed to IP66 or IP67 on request.

Technical information is available online at www.bernstein-ltd.co.uk

Safe Solutions
