

## Health & Safety Policy Statement

At Bernstein we recognise and accept that we are responsible for the health, safety and welfare of our employees, subcontractors (when working on our sites) and all others affected by their activities and for the impact of our business operations upon the environment.

Bernstein is committed to;

- a) Providing safe and healthy working conditions for the prevention of work-related injury and ill health;
- b) Identifying and controlling OH&S risks using the hierarchy of controls;
- c) Providing safe systems of work;
- d) Providing and maintaining safe plant and equipment;
- e) Monitoring our performance against our agreed objectives and being committed to continual improvement;
- f) Satisfying all applicable legal and other requirements;
- g) The participation and involvement of employees in the decision-making processes in the OH&S management system;
- h) Providing adequate and sufficient information, instruction, training and supervision for our employees;
- i) Reviewing and revising this policy as necessary and at regular intervals

Support, co-operation and consultation will also be sought from clients, other contractors and any other persons who might reasonably be expected to be included in such discussions. To this end, regular health and safety discussions will be held.

The allocation of duties for safety matters and the particular arrangements which will be made to implement this policy are set out in this document.

This policy statement displayed on company notice boards and is available to customers, suppliers and members of the public on request.
